FEVER SITUATION ABOUT THE SAME

Fewer Cases Being Reported to Authorities Every Day.

PREPARING FOR THE PRESIDENT

Arrangements for Roosevelt's Visit Continue to be Made—Arkansas is Not Yet Granted Permission for Mr. Roosevelt's Train to Enter State.

New Orleans, Sept. 22.—Clear weather conditions continue here, with little change in the fever situation although the early report of new cases are somewhat reduced from the figures yesterday.

In all previous epidemics before the mosquito was recognized as the agency of the transmission, there was a heavy drop of cases in October from those reported in September, and from the work they are doing the authorities anticipate a natural waning of the disease at the beginning of that month.

As showing how dangerous is concealment, a marine hospital man was quoted today as saying that every case at present existing in the district over which he has control he had been able to trace to concealed cases.

Awaiting Arkansas' Answer.

While the fact that the Arkansas authorities have asked ten days' time in which to give a definite answer to Dr. White's inquiry as to whether the president's train can enter that state, after leaving here, has caused disappointment.

It is the expectation of the health officials that the situation will have sufficiently improved by Oct. 1, to warrant the officials of the sister state in then giving the permission.

Meantime New Orleans is going forward with its preparations to receive the president, and it is the opinion of the entire medical fraternity that he may come here without the slightest risk.

As has been pointed out in these dispatches, the conditions are constantly improving, notwithstanding occasional jumps in the number of cases, the classing of other types of fever with yellow fever in the official list being responsible for the unfavorable aspect that is sometimes given to the situation.

The news from the country is variable in character, with improvement in some sections, and aggravation in other portions.

The appearance of two more cases at Baton Rouge, one resulting in death, has caused much depression at the capital and will probably result in the restoration of quaratines against it.

Down at Pointe Celeste Plaquemines parish, three more concealed cases have been dug up. One case had been hidden in an unoccupied plantation house, another was discovered in the tall grass in the field, and the third was found behind a cabin.

Two of the cases were actually exposed to the rain falling at the time. The patients had been removed from their homes in order that they might avoid the authorities. For two days past all the new cases reported at Tallulah were negroes. There were no deaths in 48 hours.

Additional cases are being found in Terre Bonne parish, and a hospital is being established at Houma, where they may be collected.

Kentwood reports show no new cases and the authorities have arranged to supply military, freight and express matter by means of wagon service.

President Wilson said today that it was probable that most of the public schools of New Orleans will open on Oct. 2. The board will be governed by the advice of the health authorities, which Mr. Wilson expects to be favorable to that date.

Biennial Report of Deaths.

The biennial report of the city board of health shows the yearly deaths in New Orleans to be about 6,700—1,001 from tuberculosis, 651 from heart dis-

deaths from yellow fever this year and at the present rate, if the fever is not stamped out for a month, the total will be about 500. The figures are cited to show how mild has been the present epidemic as a result of the application of modern scientific methods in its handling.

Detained at Quarantine.

New York, Sept. 22.—D. O. Halloran, passenger agent at New Orleans for the Southern Pacific company, upon his arrival here today on the steamer Comus, from New Orleans, was removed from the vessel at quarantine. He was found to have an elevated temperature, and was taken to Hoffman island for observation. With him went his wife and two children, although they showed no symptoms of fever.

DYNAMITE BOMB EXPLODED.

Tenement District Shocked by Explosion—None Seriously Hurt.

New York, Sept. 22.—With a roar that was heard for blocks and one which threw the occupants of the entire neighborhood of densely crowded tenements into a panic, a dynamite bomb was exploded early this morning on the steps of a tenement house in First avenue.

The neighborhood was shaken as by an earthquake and scores of sleepers were thrown from their beds. That nobody was seriously injured appears remarkable.

There are two stores on the ground floor of the souse. One is a meat shop kept by Henry Blumberg, and the other is a barber shop owned by S. Scareto. Living on the other floors were sixteen families. Last Tuesday Scareto went to police headquarters with a letter sent to him signed "black hand." He said it was the fourth he had received.

"A demand aad been made for $2,000 in cash," but it was not made clear to whom or where he was to pay the money. He was told that detectives would work on the case, and he went home reassured.

The bomb which exploded this morning was placed in his shop. Sleeping in a room back of the meat market was an employe of Blumberg. This man was so badly frightened that he became unconscious and it was half an hour before he could be resuscitated.

Much damage was done to doors, windows and woodwork, but the house was not damaged structurally.

JAPS ARE GROWING MORE QUIET.

Dissatisfaction of Peace Treaty is Disappearing—Many Paper Suspend.

Tokio, Sept. 21.—10:30 a. m.—The expressions of dissatisfaction over the terms of the treaty of peace in the columns of the local papers are not so frequent as they were some time ago.

The list of papers suspended since the urgency ordinance was passed, includes nine published in Tokio and 13 published elsewhere, five of which were re-suspensions.

At the time of the outburst of popular indignation, occasioned by the intervention of three Europeans, at the close of the war between China and Japan, the cases of papers suspended exceeded 200, ten of which were in Tokio.

The Ashi remains suspended and it is twelve days today since its publication was ordered stopped.

Cabinet Holds Prolonged Session.

Tokio, Sept. 21.—4:30 p. m.—A prolonged meeting of the cabinet and elder statesmen took place today, but the object of the conference has not yet been made public. It is believed, thought, that the various matters relating to home and foreign policies were under discussion.

The public is daily becoming more impatient for the withdrawal of the order proclaiming the city under martial law.

OFFICIALS CONTINUE THEIR INVESTIGATION

State Authorities Say They Have Just Commenced.

SEVERAL WITNESSES ON STAND

Many Business Transactions of the New York Life Insurance Company Brought to Light—Hamilton's Confidential Clerk Examined.

New York, Sept. 22.—The probing of the methods of life insurance companies was resumed today by the legislative investigating committee.

Before the day's proceedings were begun, Charles E. Hughes, counsel to the committee, said he believed that facts of more importance and greater interest than any developed thus far still remained to be brought out.

"We have not yet reached the meat of this inquiry," said Mr. Hughes. "In fact, we have only started it."

The first witness today was John F. McCullagh, of Albany, who is employed by Andrew A. Hamilton. The conditions for $100,000 given by the New York Life Insurance company to Mr. Hamilton bore McCullagh's name as endorser, but the witness said he knew nothing about the checks except what he had read in the newspapers. He did not know whether Mr. Hamilton appeared before legislative committees, nor did he know anything about his employer's account in the New York State National bank of Albany. He did not know of any other account of Mr. Hamilton's in Albany, but knew he was director of the Albany Trust company about a year ago. The witness said he did not know whether Mr. Hamilton's books were, nor would he know where to find any of his employer's cancelled checks.

Mr. McCullagh said further that he knew nothing whatever about the $100,000 paid to Hamilton, and concerning which Mr. McCullagh, president of the New York Insurance company was examined yesterday.

George Perkins, vice president of the New York Life Insurance company, was the next witness. He was asked to produce the check for $800,000 given to J. P. Morgan & Co., by the New York Life Insurance company for $800,000 of bonds of the Navigation Syndicate. These bonds were sold by the New York Life Insurance company to J. P. Morgan & Co., at the close of the calendar year, Dec. 31, 1901, and bought back on the next business day, Jan. 2, 1904. The check was offered as evidence. An accompanying check for $266, Mr. Perkins said, he did not know about, but would look it up. The check of J. P. Morgan & Co. for $100,000 in payment for the bonds, also was asked for.

Mr. Perkins then presented a statement of the New York Life Insurance company's joint accounts from 1897 to 1905.

Atlanta Leads Southern Cities.

Washington, Sept. 22.—Atlanta, as usual, leads all other southern cities in the showing made by the business done by her postoffice, and she takes a high place among the fifty principal cities of the country. The returns from the month of August of the fifty largest postoffices of the country show that Atlanta, with a percentage of increase of 19.12 over the same month last year, ranks fifth. In reality, however this should be fourth, as the first city is Portland, Ore., where the very heavy increase over last year—54.05 per cent—is due to the great exposition being held there, and is, therefore, fictitious in a sense.

Seven Arrested for Murder.

Abbeville, S. C., Sept. 22.—Seven men, charged with killing Allen Pendleton, near Honea Path, were arrested and lodged in jail here. There were rumors that resistance would be made, but the sheriff had no trouble in making the arrests. The men submitted willingly to arrest. One of them came to Abbeville, of his own

DUEL WITH BUTCHER KNIVES.

Two Inmates of Poor House Have a Quarrel and Then Fight.

New York, Sept. 22.—Two men, both past 70 years of age, inmates of the Bridgewater, N. J., poor house, fought a duel yesterday with sharp kitchen knives and both are likely to die from injuries received.

The fighters were George Polls and Edward Rilley. While sitting around the institution smoking, they quarreled and exchanged blows with their fists. The men were warned by the keeper, but when he left the room the old men met and calmly agreed to fight a due. Going to the kitchen, they secured the knives, used in paring and started by separate routes to a remote spot on the grounds where they believed they could fight out their differences without interruption.

Arriving at the spot, the men pulled up their sleeves and began slashing at each other. They were standing breast to breast and knee to knee, bespattered with blood, stabbing each other in the back, shoulders and sides, when the keeper was informed and ran to them. When separated they were so enraged that it was necessary to knock them down before they would desist. The surgeons say that both will probably die. If they recover, they will be arrested.

The men, who have lived together in peace at the institutions for some time, refuse to say what started the fight.

Miss Alice Lunches with Emperor.

Seoul, Sept. 22.—The emperor for the first time during his reign lunched with foreigners Wednesday, first giving an audience to Miss Alice Roosevelt and Rear Admiral Train. American Minister Morgan escorted Miss Roosevelt to the banquet hall, where they sat together. The crown and imperial princes and other members of the party were distributed at small tables with members of the ministry and generals of the army. The emperor toasted the daughter of the president, and Minister Morgan replied for Miss Roosevelt, wishing long life to the emperor. After the luncheon, which consisted of native food, Miss Roosevelt received the Korean cabinet and other high officials.

Prices of Nuts and Bolts Raised.

New York, Sept. 22.—Coincident with the meetings here yesterday of the steel manufacturers, representatives from various sections, the nut and bolt manufacturers entered into a corporative agreement by which prices are to be raised, approximating 5 per cent. Leading manufacturers of bar iron, comprising what is known as the eastern Bar Iron association, decided to make no change in the official selling price. It was stated, however, that trade condition in all departments are most active and that iron is selling materially above the so-called pools' schedule, the manufacturers generally securing a $2 a ton primium.

Horrible Mode of Suicide.

Philadelphia, Sept. 22.—George Finkelstein, a former lodging housekeeper, of this city, tried to end his life today in a horrible manner. Finkelstein had been accused of permitting illegal voters to register from his establishment and had been virtually driven out of business. He brooded over his misfortune, and sought death by knife and fire. He was found in his room in a lodging house, his throat and wrists cut and his head lying in a fire, which he had made of a pile of newspapers. Physicians say he cannot recover

Bryan Will Tour the World.

Lincoln, Neb., Sept. 22.—Mr. and Mrs. William J. Bryan, accompanied by their son and daughter, William and [illegible], will leave today for their tour of the world. They will sail from San Francisco for Japan on September 26, stopping in Honolulu for a day or two, and expect to reach Tokio Oct. 15. From Japan they will go to Manila and spend some time in the Philippines. They will then visit Australia and New Zealand, and will reach India in the winter. They will proceed to the holy land and other countries and will spend next summer in the large cities of Europe. Mr. Bryan expects to be gone not [illegible]

CALIFORNIA FLYER JUMPS THE TRACK

Santa Fe Railroad's Fast Train Meets With Accident.

NO ONE IS REPORTED KILLED

The Train Was Runing at a High Rate of Speed When It Left the Rails, and the Small Number of Injured is Miraculous—One Man May Die.

Newton, Kans., Sept. 22.—The eastbound California Flyer on the Atchison, Topeka and Santa Fe, was wrecked at Walton, a small station [illegible] of here, last night.

Fred D. Kempnyck, of Chicago, second cook on the dining car, was badly scalded. No one was killed.

Five persons were injured, among whom Kempnyck is perhaps the only one seriously hurt. He may die.

The other injured are:

Grant Conrad, Los Angeles, member of the board of public works; shoulder badly sprained.

Day Callender, of Los Angeles, ankle sprained.

Effie Lawrence, member of vaudeville circuit ankle sprained.

Miss Violet Dale, member of vaudeville circuit, shaken up.

The train, the fastest in the Santa Fe region, running at a speed of about 40 miles an hour at the time of the accident, as it approached Walton, the trucks of the baggage car left the rails, followed by the dining car, and the sleeper following.

The dining car and the sleeper ran for about 100 feet on the ties and then turned over. Fortunately the muddy bank broke the fall, and most of the passengers were enabled to alight in safety without sustaining any injuries.

William B. Britt, manager of the prize-fighter of the same name, was on the train with the pictures of the Britt-Nelson fight. Neither Britt nor the pictures were injured.

American Arrested in Canada.

Washington, Sept. 22—Captain Alexander McClean was arrested Monday last at Victoria, B. C., by Canadian authorities at the request of the American consul acting for the department of justice on an indictment obtained more than a year ago at San Francisco on a charge of conspiracy in fitting out the schoner Carmencito in violation of the sealing laws. A telegram received at the state department today announced the arrest says that the Carmencita had been refitted under the name of the Acaculpo of alleged Mexican register and with a crew made up of men of alleged shady characters.

Russian Cruiser Refloated.

Seoul, Sept. 22.—Admiral Arai, who refloated the Russian protected cruiser Variag, was given an audience by the emperor and decorated before he sailed for Japan on Tuesday last, Sept. 19. It is probable that he has been recalled to raise the Japanese battleship Mikasa, sunk in the harbor of Sasebo. The Russian cruiser Variag was sunk by the Japanese fleet at Chemulpo on Feb. 19. The Russian cruiser Korietz was also sunk at the same time.

Shipment of California Oranges.

San Francisco, Sept. 22.—According to reports of traffic officials of the Atchison, Topeka and Santa Fe and the Southern Pacific, the number of cars of oranges sent east during the season just closed was 29,000. This includes shipments from Butte county and the San Joaquin section, as well as from southern California, the bulk however, coming from the latter section.

Men Buried Beneath Debris.

Chicago, Sept. 22.—Four men were injured here today, three fatally, in the old county court house, which is being torn down to make place for a new structure. The flooring in the center corridor of the fourth floor of the old county building gave way, burying the men in the debris. The fa[illegible]

INJUNCTION IS RESTRAINED

Papers Served On Mr. Powell Preventing His Management.

A BIG CORPORATION ROW

Attorney C. C. Thomas, Representing the Gainesville Furniture Company, Puts a Check on C. C. Powell—New Manager Appointed.

Quite a flurry of excitement was caused in the office of the clerk of the circuit court Friday afternoon, when C. C. Thomas, representing the Gainesville Furniture Company, a corporation, filed a bill of injunction against C. C. Powell, general manager of the company, restraining said Powell from the management of the business, upon the ground that W. R. Thomas had been appointed manager by the board of directors.

This action does not affect Mr. Powell's relation with the firm in the capacity of secretary and treasurer of the same, and a member of the board of directors.

There has been apparently some friction between the stockholders of the Gainesville Furniture Company for several weeks, which came to a head in this action. The company, which is incorporated with a capital stock of $50,000, with $10,000 paid in, was organized and began business in the fall of the past year, and it is admitted that under the management of Mr. Powell the business has paid a reasonable profit. It is one of the largest and most up-to-date furniture houses in the State and has always carried a superior line of goods in furniture and house furnishings.

The business will continue uninterrupted, J. K. Abrams having been put temporarily in charge of the business during Major Thomas' absence. Major Thomas, who has been spending the past few weeks with his family in North Carolina, is expected home in a day or two.

Attorneys Robert E. Davis and W. W. Hampton are representing the Powell interests.

GULF HAMMOCK HOTEL

Will Open Under New Management October 1st, 1905.

Gulf Hammock is known all over this section of the country as the paradise for hunting and fishing, and when you want a place where game "sure is," and fishing of the best, Gulf Hammock is certain to be the best.

But after a day with dog and gun, or rod and line, the tired sportsman desires a comfortable place to rest at night and enjoy a palatable meal. By the opening of the Gulf Hammock Hotel under the management of Mrs. Loula Thomas, recently of the Otter Creek House, those who go to Gulf Hammock for rest, recuperation, hunting and fishing, can have their wants supplied.

This hotel will be open to the public October 1st, and Mrs. Thomas, who understands thoroughly the wishes of tourists and all travelers in the way of hotel comforts, will use every effort to make it a resort affording all the cheer that is desired to make the stranger feel at home in this carefully conducted hostelry. For particulars read the advertisement in this issue of The Sun.

JENKINS WAS HELD.

Was Placed Under $250 Bond for Alleged Shooting of Man.

Deputy Sheriff J. H. Granger returned Thursday night from Alachua, where he went to attend the trial of Henry Jenkins, colored, charged with the shooting of another negro who went by the name of Edward Nedd.

The trial was held in Justice Caswell's court, and as Jenkins is a rather prominent and industrious farmer, a great many of his friends assembled at the hearing.

After hearing the evidence in the case Justice Caswell required the defendant to give bond for $250 for his appearance before the grand jury at the fall term of the circuit court.

Jenkins, although a colored man, is regarded as very industrious and has many white friends in the vicinity of Santa Fe, where his farm is located, who were willing to go on his bond.

THE CENSUS TAKERS.

Enumerators Are Now at Work in Gainesville and Vicinity.

The census taker has "hit" Gainesville, and for the past three or four days has been getting in some good work.

A great many do not understand the mission or purpose of the enumerator when he politely appears at the door and begins asking so many questions. Notwithstanding that at the beginning he explains his mission, as a rule the housewives arrive at the conclusion that he is entirely too "fresh" in enquiring into family secrets, such as age, etc., and oftentimes the enumerator experiences considerable difficulty in securing the information he is required to furnish to the government on a regular blank printed for the purpose. Many amusing incidents also occur, but altogether the life of a census taker is not to be envied.

Julian McRae is chief of the census enumerators in this section. He expects to finish his labors here within the next three weeks.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

The Clyde Line's New Ship.

The Times-Union of Jacksonville, September 21st, gave a lenghty description of the new passenger ship Huron of the Clyde Steamship Company, arriving in Jacksonville September 20th, on her first voyage as a passenger ship.

We are informed that the Huron is a strictly first-class ship in every respect and her passenger accommodations are equal to any ship on any line.

She is about two years old and up to this time has been exclusively in the freight service but she was recently altered and made a strictly first-class passenger ship.

The Clyde Line is keeping abreast of the times in their Jacksonville service and they deserve the patronage they have earned by maintaining the finest line of coastwise vessels afloat.

Their business is steadily increasing and they are not only retaining their old patrons, but are gaining new friends and customers all the time.

The steamer Huron landed in Jacksonville with a very large list of passengers and they are loud in their praises of the good ship, and speak in the highest terms of the splendid service.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

The Yellow Fever.

Up to noon yesterday there were six new cases of yellow fever reported in Pensacola and one death, J. L. Williams, making ten fatalities from the disease since its outbreak. From 6 p. m. Thursday to noon Friday 17 new cases and two deaths were reported in New Orleans. Total number cases, 2,742; total deaths, 357.

HORRIBLE CRIME IN JACKSONVILLE

Mother and Four Children Are Murdered and Cremated.

FORMERLY OF THIS COUNTY

Sam Wise, Husband and Father, Suspected of Crime—Fearful Deed Was Committed Near Lincoln Park—Wise Had Threatened to Kill Entire Family.

The Jacksonville Metropolis of Friday contains the particulars of one of the most horrible crimes in the the annals of history, which was committed west of Lincoln Park and near Highway avenue, Jacksonville, about 1:30 o'clock Friday morning, the victims bein Lula Wise, a respectable colored woman, and her four children.

The woman had been working for W. A. Towle and occupying a house about 1,000 yards from the residence of her employer for the past two years. The cottage she occupied was situated in the center of a big field, to which she wended her way about dark Thursday, after which she was never seen alive. Fire was observed in the direction of the cottage about 1:30, but no one paid any attention to it until Mr. Towle observed the smoke Friday morning and visited the scene, finding that the house had been burned to the ground, and a horrible sight met his eyes, in the ashes being the badly charred remains of the woman and her four children.

Indications of Murder.

The body of the woman was found beneath the mattress and her skull was broken. Her position clearly showed that to escape the blows or shots of the murderer she had sought protection under the bed. Both of her legs were entirely missing and only that portion of the arms below the shoulder remained on the trunk. There was not a sign of flesh or bones below the hips to be found for an hour afterward, when the bones of the legs were discovered in the ashes badly broken. The woman's skull was thrown back, and there was not a particle of flesh on it, yet the neck and trunk were of their normal size, but badly charred. Her friends said she had excellent teeth, yet not a tooth remained in the skull.

The bodies of the four children presented a sight equally gruesome, and in every case the skull was broken. The charred body of Mary, the 13-year-old girl, was minus arms and legs, while the body of the boy, aged five years, showed only half of one arm. The other arm and his two legs, or any portion of them, had not been found up to 1 o'clock Friday afternoon.

The clearest evidence of brutal murder was shown in the body of Lucy, the 8 year-old daughter. Her body was not so badly consumed by the flames, and it could be easily seen that the top of the skull had been split into, evidently by an axe. The brains were not burned, and one hand was thrown up above the head, showing that the girl was endeavoring to protect herself. In her case the limbs below the knee were missing. Another wound completely took off a portion of the skull, and the absence of the ragged edges convinced the authorities that some one had murdered the entire family and then set fire to the house in order to hide the crime.

The youngest in the family was a 3-year-old girl. She was found near the mother under the mattress. All that remained of the child was the skull and trunk.

In every case except that of the 3-year-old girl there was not a sign of flesh on the skull and on the inside of the skull was no sign of animal matter, the eyes even being completely gouged out.

The woman, who had lived alone for two years with her children, kept a shotgun loaded, which hung on a nail on the wall behind the front door. The barrel of this gun was found near where the bed stood, on the opposite side of the room.

A Possible Clue.

The Metropolis reporter Mr. Towle said:

"Lula Wise has worked for me for two years, and she was faithful and industrious. She was a negro woman who never made trouble, and was very earnest and conscientious in her church affairs. She had no male visitors, and attended strictly to her own business. She was devoted to her children. She came here about two years ago from Alachua county, and was esteemed by all who knew her. She was a woman about 30 years old. She had a husband named Sam Wise, but they separated two years ago."

A little over two years ago her husband beat her and threatened to kill her. She was forced to have him arrested and he was punished by serving out a short jail sentence. After he was liberated he declined to come back home and sent word, it is alleged, that he would return some night and kill her and the whole family.

Since that time no one has heard anything from her husband and the woman believed him to be dead. Although there were a hundred people present at the scene Friday morning who claimed to know him, none had seen him or heard of him since shortly after he was liberated from jail two years ago. These friends gave the woman an excellent name.

The house occupied by the unfortunate family contained a large bed room and a kitchen, which is also used as a dining room. In one bed room, where all the bodies were found, there were three windows and two doors, which convinces the officers that the inmates could have escaped had the house caught fire.

The indications point to a wholesale murder, and that the brute, to shield his crime, then set fire to the house.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Notice to the Public.

On and after October 1st, 1905, our respective companies will require consignees to unload all cars consigned to them within 72 hours after arrival and proper notice given them. Failure on their part to do this will cost them one dollar per day demurrage until car is released. Local and less than carload lots of merchandise will be subject to storage charges also, unless removed from depot within 72 hours after arrival and proper notice given. Please take due notice and be governed accordingly. Our positive instructions to put in effect these rules will be complied with.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Epworth League Picnic.

Several members of the Senior Epworth League of the Methodist church indulged in a picnic and fish fry yesterday at Prairie Creek. Quite a number were present, and it is needless to say the young people enjoyed the outing immensely and returned to their homes a tired but happy lot.

COTTON MANUFACTURERS MEET

Praise Is Given Growers' Association For Splendid Work.

Atlantic City, N. J., Sept. 22.—Governor Stokes opened the New England Cotton Manufacturers' association convention with a speech of welcome, during which he defended the attitude of the state of New Jersey toward trusts. His remarks were applauded. Responses were made by Herbert E. Waitsley, of New Bedford, Mass., an ex-president of the association. President Jas. B. McCall, of Pawtucket, R. I., in his annual report said:

"Cotton manufacturing has lagged behind other branches of commerce in the recovery from the depression of 1903. The extreme fluctuations in the price of raw cotton and the consequent disturbance of values of manufactured goods tend to destroy the confidence of buyers and to encourage them to continue an indefinite policy. For the year just closed the total exports of cotton amounted to over $49,000,000 in comparison with $22,000,000 the preceding year. This has also been a growing trade with Japan, the Philippine Islands, Cuba and several countries of South America."

The president also said that the Southern Cotton Growers' association has done excellent work, in exposing the dishonesty of officials in the bureau of statistics of the agricultural department. He said estimates of the acreage and condition issued by the government should be both capable and honest.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Killed a Big Rattler.

Deputy Sheriff J. H. Granger was returning from LaCrosse on Friday, and as he crossed Rocky Creek he had an experience which he will not soon forget.

Mr. Granger's attention was attracted by a great deal of animation among a number of birds on the side of the road, and he went to ascertain the trouble. He was immediately challenged by a large rattlesnake, which waved its tail, sounded its rattles and licked its tongue in defiance. He drew his pistol, took deliberate aim, and at the first shot severed the reptile's head from its body.

His shakeship measured 5 feet 10 inches, and was the possessor of nine rattles and the customary button.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

THINK OF IT!

This Pretty Matron Had Headache and Backache, and Her Condition Was Serious.

PE-RU-NA CURED.

MRS. M. BRICKNER.

99 Eleventh Street, Milwaukee, Wis.

"A short time ago I found my condition very serious. I had headaches, pains in the back, and frequent dizzy spells which grew worse every month. I tried two remedies before Peruna, and was discouraged when I took the first dose, but my courage soon returned. In less than two months my health was restored."—Mrs. M. Brickner.

The reason of so many failures to cure cases similar to the above is the fact that diseases peculiar to the female sex are not commonly recognized as being caused by catarrh.

FEMALE TROUBLE NOT RECOGNIZED AS CATARRH.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

If you have catarrh write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

STEAMERS COLLIDE IN FOG.

One of Them Reaches Port, But the Other's Fate Is Unknown.

New York, Sept. 22.—Captain Lewis, of the steamer Cornwall, which arrived here today damaged by a collison during a dense fog, near Montauk Point last night, reported that he believed he had been in collision with a large Atlantic liner.

Captain Lewis said that the steamer with which his vessel collided immediately drew away out of sight in the fog and that she was not sighted again by his ship. He could not make out the name of the vessel, but thinks she must have suffered some damage.

The Cornwall, whose engines were stopped at the time of the accident, was struck on the bow and badly damaged. The Cornwall is a British freight steamer from Shields.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

German Emigrants Quarantined.

New York, Sept. 22.—Having been passengers on three different steamers to which they were successively transferred, 1,022 persons arrived here in the steamship Graf Walderze, these passengers were the first party of emigrants to be subjected to the Cholera quarantine, which was recently applied to steerage passengers, leaving Hamburg, and the enforcement of these precautions caused their numerous passengers to be transferred. They embarked originally at Hamburg on the steamer, Molke, but disembarked at Cuxhaven, where they went aboard the steamer Bulgaria, and were detained on that ship for eight days. Finally, the Bulgaria transferred them to the Grafvorzee.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

Scholars Enjoin Teacher.

Tampa, Fla., Sept. 22.—An unusual injunction suit brought by 109 pupils of Turkey Creek school, in this county, to prevent a teacher, Mrs. Lena B. Mathes, from Discharging the duties of her position, was filed here today. The children sue through the father of one of their number and allege that Mrs. Mathes is not of fit character to teach, attaching 18 affidavits as to the teacher's moral character. The county school board appointed Mrs. Mathes. County Superintendent Dickenson revoked her certificate, and the state school board over-ruled Mr. Dickenson, restoring her to her postion. The pupils who bring the suit are among those whose parents refuse to permit them to attend school while Mrs. Mathes is teacher.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

One Killed; Two Injured.

Charleston, W. Va., Sept. 22.—News has just reached here that local passenger train No. 35 on the Chesapeake and Ohio, was wrecked at Carkin. The express messenger was killed and the engineer and fireman were badly hurt. No deatails of the accident have yet been received.

You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develope into nervous prostration.

Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs.

Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine.

"During the past winter I had two attacks of LaGrippe which left me very weak, and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I had not slept for some time, and had terrible pains in my head. After taking a few doses of Nervine the pain was not so severe, and I slept. I am now taking the second bottle, and am very much improved."
HENRY M. SMITH, Underhill, Vt.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

JAPAN AND HER WAR.

The conclusion that the brilliant victories on land and sea by Japan in the late war were made fruitless by the peace treaty that terminated the war, is the result of shallow thinking or none at all on the part of some. Japan did not go to war to make her enemy pay the cost nor to acquire territory or secure any other mercenary reward or advantage. All she went to war for she secured, and more. She appealed to the sword in the name of national preservation and integrity. She attacked a gigantic foe whose insidious advances were intended to and ultimately would have banished her from the family of nations. Those advances were checked and that fate averted, and not temporarily but permanently.

From an unknown national quantity Japan has revealed a power, moral as well as physical, that will secure for her the respect of all nations and freedom from the domineering spirit that the "world powers" had come to think they could indulge in all things pertaining to the Orient. In this respect alone Japan achieved a decisive and far-reaching result that but few wars of history can truthfully boast of. She has not only made herself immune to the "monkeying" of the self-styled "superior powers," but has awakened China from her stupor of the ages, and with a result not difficult to imagine. She has jolted the spirit of national aggression and made it a much less popular fashion than it has been for many years. In short, it now seems certain that the Russia-Japan war will be regarded hereafter as an epoch with scarcely a parallel, and out of it Japan came with all the laurels and material advantages.

FAIR AT DEFUNIAK SPRINGS.

From a catalogue and premium list received at this office, we are authoritatively informed that the Gulf Coast Fair and Agricultural Exposition will be held at DeFuniak Springs, November 1st to 4th inclusive. The premium list proves to all that they are in earnest and have offered some good prizes.

The DeFuniak Fair will be an exhibition of interest to all farmers and fine stock breeders of Florida, as it will be more of an exhibition of that character than a vaudeville performance. Such fairs are for the education of the farmers of the State, where they can meet and compare notes, also learn what will be the most profitable crops and stock for their respective localities.

The premiums offered for horses, cattle, sheep and hogs, as well as other farm stock, are very liberal and should be an incentive to farmers to enter the competition with the best they can produce. The farmer in Florida will always be the leading spirit in the advancement of our welfare, and the best of everything should be produced by him.

The poultry business, when successfully conducted, should be a paying industry, and this line will receive much attention at the Fair. The premiums in all departments are good, and those who have not received one should address R. W. Storrs, Secretary, DeFuniak Springs, Fla.

The Philadelphia Record says: "The insurance companies have to buy railroad bonds from bankers, lend money on call through the trust companies and take their mortgages at second hand. There appears to be in New York a close corporation of financiers, and the insurance companies are 'scabs;' they do not belong to the financial union. But the financiers are also officers and directors of the insurance companies; the situation is a highly advantageous one for them."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

A CHICKEN TOWN.

Petaluma, 45 miles north of San Francisco, is the world's greatest town for raising chickens. Petaluma has a population of but 6,000, yet, from a hen's point of view, it is the metropolis of the world; Petaluma is the center of a poultry-raising district in which there are almost 2,000,000 chickens. Thirty-five thousand dollars a day is what the world pays the town in hard cash for its eggs and poultry productions. Poultry raising is the chief industry, and if all the hens in the little city and its environs were to form one composite hen this gigantic fowl would weigh more than 325 tons. Almost every one who has an acre or two of land raises chickens on an extensive scale. The city supplies more than one-half the poultry and eggs used in California and sends a great quantity of eggs and fowls to the East as well as to Hawaii and the Philippines. Along with its gigantic chicken business, Petaluma boasts of the largest incubator factory in the world. The largest chicken ranch in the world is located at Petaluma. This ranch has upon its premises 18,000 laying hens besides thousands of chickens. It is estimated conservatively that each hen yields an annual income of 75 cents. The climate at Petaluma appears to be peculiarly adapted to the industry. Ordinary foul ailments are almost unknown on a well-conducted ranch.

Bradentown, judging from The Herald, is infested with "knockers." The only ones we have in Gainesville are those who are hammering on new buildings and repairing old ones—a very good use for the hammer brigade.

President McCall evidently deviates from the truth once in a while. A man having as much brains as a clam would know more than to expect Judge Parker to go to that crowd after money to carry on a Democratic campaign.

Col. Brady, who is making a desperate effort to have Isaiah E. Cooper pardoned, says he does not believe he killed Bowman. The evidence that he did the deed seems somewhat flimsy.

The new Russian parliament, to be controlled by the peasantry, will make it all the more easy for the Czar to control the parliament. It is all the same in Russia.

Edward Fitzgerald has again entered the editorial ranks of Florida, and has been made editor of The De-Soto County News. He is an energetic newspaper man.

In some places along the East Coast Railway the water is so deep in the woods, caused by heavy rains, that the cattle take to the track and are killed by the cars.

The Chinese may be heathens, but they realize that the boycott has been a boomerang and cost them $15,000,000. Those are Secretary Taft's figures.

BATTLEFIELD ORATIONS.

A Great Deal of Fiction About the Recorded Martial Speeches.

Somebody once asked the Duke of Wellington if speeches on the battlefield were really made as reported and what was their effect. The duke said, "What effect on the whole army can be made by a speech since you cannot conveniently make it heard by more than a thousand men standing about you?" Then the duke was asked if it were not the fact that Napoleon delivered some rather notable orations on the field. The duke would not have it. "The proclamations you read of in the French army were much more seen in the papers than by the soldiers—they were meant for Paris." It was all right, the duke agreed, to address a regiment upon presenting it with colors and that sort of thing. On the whole, French troops might be more impressed by a speech than the English, who in the duke's Waterloo army were, he declared, "the scum of the earth, who had all enlisted for drink." The French, with their system of conscription, had a fair sprinkling of all classes.

"No," comments a writer, "all these martial obiter dicta which our historians treasure up for us were for the most part never spoken at all. The 'last words' of dying men and the speeches made on the battlefield or the deck of an admiral's flagship are not to be regarded as having been actually uttered. The famous 'Up, guards, and at 'em!' accredited to Wellington at Waterloo, was never spoken. Wellington himself denied it."

SELLING GOODS.

The Methods That Lead to Success In Business Life.

When a customer comes in, don't, whatever you do, drag yourself out of the chair as though you were disturbed from a rest, but jump up and greet her or him as though you were really glad to wait on them. Act so they will ask for you the next time they come to the store. The salesman who is constantly being asked for by customers never has to worry about a job.

Don't be stiff and act or feel as though you were far the mental superior of the customer. If you do, no sale will result.

Just for the sake of argument, let us take all the successes in your city, no matter what line they are in. Do they advertise?

The public, somehow or other, seem to be able to read between the lines. If your ad. is not truthful they will not respond.

It takes more than a mere cut to attract the eye to make your ad. pay. There must be solid, honest store news of good values behind it.

Never underrate the intelligence of your customer. He may know more about the article you are showing than you do.

Post yourself on every article you are expected to sell, so you can talk convincingly and knowingly. That is what sells goods—convincing talks. Never mind the price; that will take care of itself.—Brains.

That Painter.

The artist who had found Marshby full of "paintable" places and friendly people was much attracted by one of the young women of the village, whom he met at a social gathering. He asked and was accorded permission to escort her home from a little party one evening, and, as the evening was mild and the moon was shining, they lingered at her gate for a few minutes' conversation. Suddenly the stillness was broken by a hoarse shout which came from an open window of the little house:

"Cast off that painter! Cast off that painter!"

The artist started as if he had been shot, but the young woman gave him a reassuring smile and a becoming blush.

"It's—it's just father dreaming," she said softly. "He's a retired sea captain and often talks in his sleep."

A Poor Man of Mutton.

A "poor man of mutton" is a term applied to a shoulder of mutton in Scotland after it has been served as a roast at dinner and appears as a broiled bone at supper or at the dinner next day. One of the former earls of B., popularly known as "Old Rag," was indisposed at a hotel in London. When one morning the landlord came to enumerate the good things in his larder and to prevail on his guest to eat something, his lordship replied, "Landlord, I think I could eat a morsel of a poor man." This, together with the extremely unprepossessing appearance of his lordship's countenance, is said to have so terrified poor Boniface that he fled incontinently from the room and tumbled headlong downstairs.

How to Dose a Dog.

A dose of castor oil is as disagreeable to the ailing dog as to the ailing human being. He kicks against it, and does right, when he is grabbed by the back of the neck, and with his jaws yanked apart with a towel awaits the nasty dose. This is poured down his neck—on the outside. It is usually followed by a few more doses, all of which go the same way, which is the wrong way. The jaws are in a vise, the dog is in torture, and he is ready to condemn his very best friend for thus treating him shabbily. If they only were sensible enough to know how any dog, from the meanest cur to the bluest blooded canine on earth, was in the habit of taking his oil, it would be different, but they are all at sea on the subject, and poor doggie is about dead when a friend utters:

"Hump! All chumps on dogs, I see. Pour the stuff over the poor fellow's paws."

Lo, and behold! The wise few who thought they knew all about dogs and dog things learned something to their credit when they saw how carefully Towser licked his paws, cleaned them, and thus took his oil without fuss and in the proper way.—Outing.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

The biennial convention of the national corps, army and navy union, United States army, opened in Newburg, N. Y., yesterday with delegates from nearly every garrison in the union. National Commander Hugh Henry, of Weehawken, N. J., opened the proceedings. National officers will be elected tomorrow for the ensuing two years.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.). He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

READ THIS.

DYERSBURG, TENN., June 1, 1901.

This is to certify that I have used one bottle of the Texas Wonder, Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C. H. OLSTON.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all

Dr. N. J. Barry, the druggist of Newberry, was among the business visitors to this city yesterday. Dr. Barry is one of the most widely known residents of that section.

J. I. Prevatt is having additions made to his home in North Gainesville which will have a tendency not only to supply more room, but will materially add to the improvement of the place.

Last Two Days at Brown House—Prof. C. Franklin, the eyesight specialist, will remain here Saturday and Monday. He has fitted and prescribed for some of our best citizens, and those with defective eyesight will do well to call on him. He will return here every three months.

E. H. Smith of Tioga, manager of the naval stores interests of the Cummer Lumber Company, was in the city yesterday. Mr. Smith has just returned from a business trip to points in Levy county for his firm. He called at The Sun office and had his name enrolled upon the subscription list.

E. B. Duncan of Newberry, the clever and efficient agent of the Atlantic Coast Line at that point, was in the city yesterday. Mr. Duncan has just returned from his annual vacation of several weeks, which he spent in New England and North Carolina. He reports an enjoyable and beneficial trip.

Mrs. S. J. Thomas and son, S. J. Thomas, Jr., have returned to their home from Abbeville, S. C., where they have been for the past few days. They were with S. J. Thomas at Manitou Springs, Colo., for several weeks, but when Mr. Thomas left for home they stopped for awhile at Abbeville. Friends are glad to welcome them again.

S. R. Houston, a druggist of Eufaula, Ala., has arrived in the city, having accepted a position at Dr. W. M. Johnson's drug store. Mr. Houston comes highly recommended. He is a young man of most agreeable disposition and declares he was impressed with Gainesville as soon as he left the cars. It is to be hoped that he will continue to be pleased, as he is a young man, and will make a desirable acquisition here.

Prof. C. Franklin, the popular Tampa oculist and optician, has opened an office here at the Brown House for ten days. During his stay here he will give the people of Gainesville a chance to correct their defective vision. Consultation free. Having prescribed for, successfully fitted and corrected the vision of over 600 of Tampa's best citizens, any recommendation would be superfluous. He will be here from September 15th to 25th.

J. L. Strickland of Waldo was trading in the city yesterday. Mr. Strickland is engaged in farming a short distance from Waldo. He states that his entire crop, with the exception of sugar cane, has been damaged by the rains, and that from a patch of seven acres he does not expect to harvest more than two light bales of cotton.

Merrill D. Wilcox, traveling salesman for the Stringfellow-Doty Company, wholesale grocers, Jacksonville, is spending a day or two in the city. Mr. Wilcox accepted this position only a short time ago, but is making a fine success. Being possessed of a most genial and entertaining nature he is adding to his list new friends every day.

J. P. Bauknight, who recently purchased the building on the corner of East Main and E. Union streets, is making considerable improvement in the same. Workmen have begun to excavate a portion of the walls, and three stores will be added in the rear, facing East Union. The building will also be extended for several feet, affording ample room for the stores.

J. S. Allen, formerly of this city but now with C. W. Bartleson & Co., Jacksonville, has been circulating among his old friends for the past two or three days, all of whom are glad to see him. Mr. Allen was engaged in the livery business here for several years, and probably no man in the county is more widely known or more popular among the masses. He expects to remain in the city until Sunday, and while here his friends may find him at the Magnolia.

Hose wagon No. 2 of the Gainesville Fire Department, which has been thoroughly overhauled and repainted by Benson & Son, will be placed in commission Monday, which will give the department a thorough and first-class equipment for the winter. Benson & Son completed a few weeks hose wagon No. 1 and it was a job which would do credit to the best manufacturers in the country. This job will be a duplicate, and it goes without saying that the work will prove entirely satisfactory.

Industrial Edition of The Sun.

The Industrial Edition of The Sun, which is to be distributed at the State Fair in Tampa, should contain the card of every professional and business man in Alachua county. It will represent the county at the fair, and give a very complete account of the resources and opportunities offered here to settlers.

If you want an advertisement in the edition you should apply at once for space, at The Sun counting room.
